# Background

Research was required to provide up to date profile information for users of the CommunityCare.co.uk/Jobs specifically:

- Current jobseeker status
- Current job role and type of position
- Frequency of use of the site
- Methods by which to be alerted to new jobs
- Competitor sources used to look for jobs
- Current salary

Results will be used primarily to support sales and marketing activities, and where appropriate, to support the development of the jobs service.

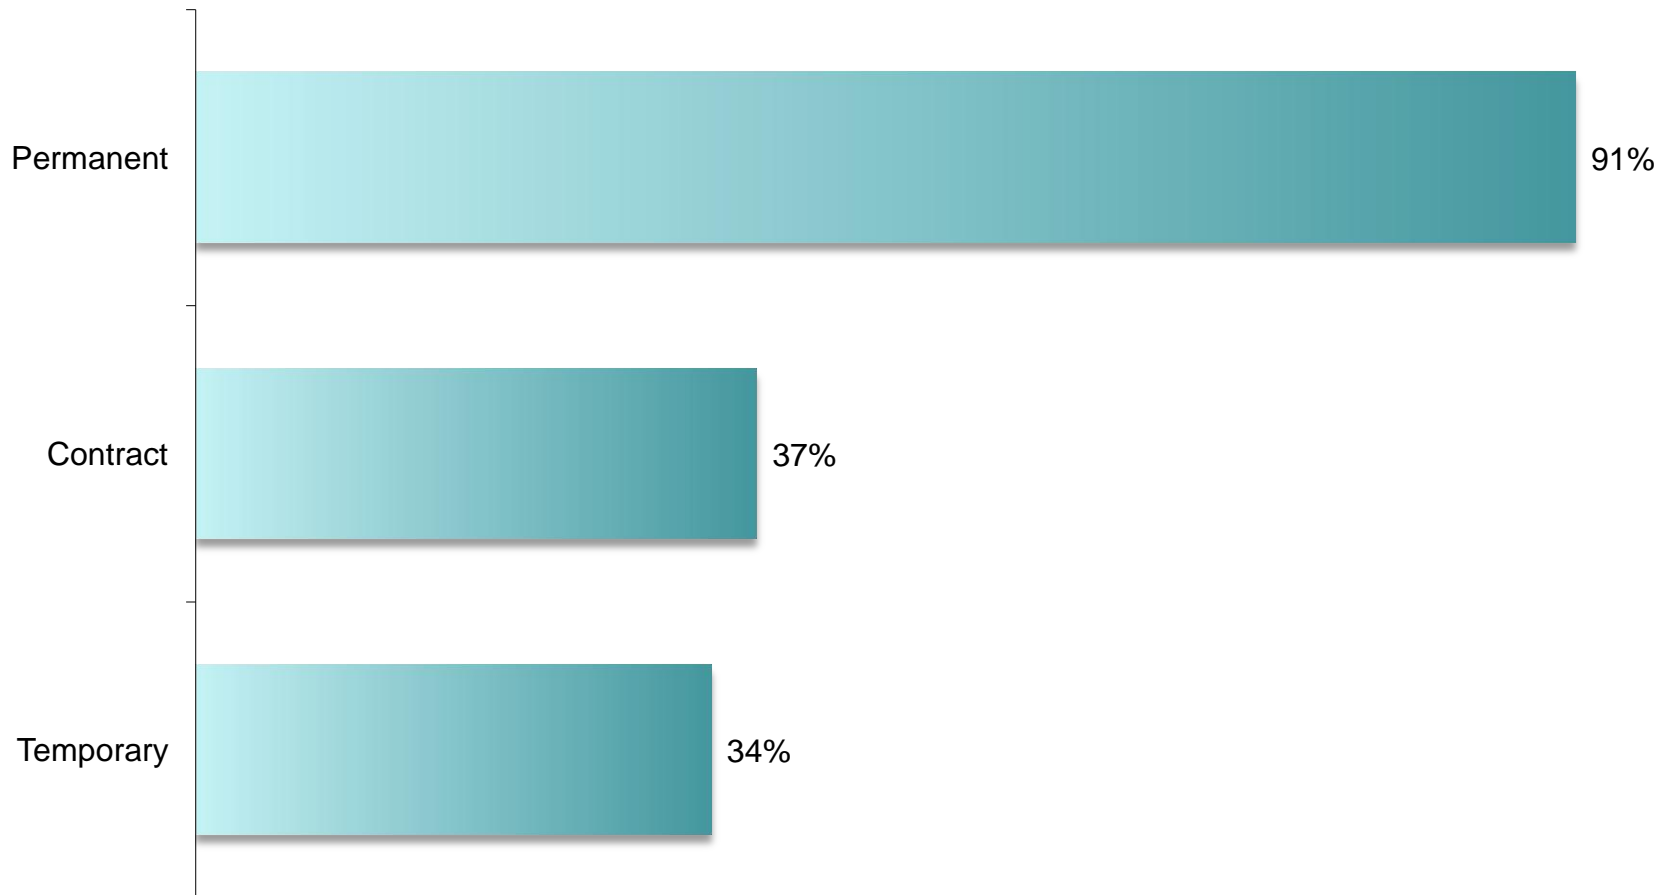

Nearly two thirds (64%) of respondents were active jobseekers.
